Selected models of various profiles are offered to answer your needs for design, durability and easy assembly.

The basic substrate is 5/8" or 3/4" industrial grade particle board. Also available in 3/4" exterior grade plywood.

Prestolam offers the faster order-production-delivery cycle in the market, using superior quality materials equal to or surpassing industry standards.

Soprano: We recommend you use a 27" bar top if you intend to join it with the 25-1/4" countertop.
